**HERITAGE
RAILWAY**

Thirteen of our nineteen pubs are just a walk away from a trainline, which will promise a great day out. Some of the distances from the train station will provide a pleasant walk through the countryside - although we wouldn't blame you if you wanted to call a taxi for a couple of them.

Whether you'd like to travel via the heritage steam and diesel trains of The Keighley and Worth Valley Railway, or you'd prefer to take the Northern Rail commuter trains to the city of Leeds or to the towns and villages of North and West Yorkshire you'll have a fabulous time.

Each one of our pubs offers their own unique character, where a warm welcome, well-kept beer, and a cosy atmosphere awaits.
